

Electronics Manufacturing Forum Exhibition and Networking Day Bristol Watershed, Bristol UK September 21 2006

Dear Colleague,
IMAPS-UK and SMART Group, with the support of NMI and IEEE CPMT has organised an Electronics Manufacturing forum or Industry Day to focus on the assembly of electronic circuits where higher performance than that provided by conventional FR4 circuit boards is required.

Based around a table-top exhibition of over 20 suppliers and manufacturers in the sector, featuring ceramic, polyimide and PTFE circuits together with associated production equipment, materials, circuit finishing, assembly techniques and packaging the event is a not to be missed opportunity for those involved in designing, supplying, using, manufacturing or just curious to find out more about the assembly of electronic circuits.

This event will provide a focal point for companies wanting to exhibit their products and services to a targeted audience of industry professionals and also allow for excellent networking opportunities.

The event is being held at the Bristol Watershed in the centre of Bristol with good road / rail access and parking facilities. Entrance to the exhibition is free but if lunch is required it must be booked in advance. Exhibitors will be charged a nominal £125 +vat, which will include a table- top exhibition space and lunch (exhibitors wishing additional lunches should note that these will be available at £10 +vat each)

For more details please contact the IMAPS-UK secretariat on 01522 575212 or to book please complete the form below

Booking Form Electronics Manufacturing Forum
