

Electrostatics 2007

12th International Conference on Electrostatics

March 25 – 29 2007, St Catherine's College, Oxford, UK

This is the 12th International Conference on Electrostatics, Electrostatics 2007, and will be held at St Catherine's College, Oxford on March 25 – 29 2007. The conference is organised by the Electrostatics Group and the Institute of Physics and continues the International Conference series on Electrostatics which takes place in the United Kingdom every four years. Static electricity is one of the most important and under-rated effects in the modern world with ESD and electrostatic hazards continuing to be major commercial and industrial issues. Also, research into MEMS, various aspects of bio-electrostatics and environmental electrostatics are becoming increasingly important. As a result, the scope of the conference is broad, covering general electrostatics and a range of specialist topics relevant to current research and industrial concerns. Electrostatics 2007 will bring together experts from academia, research laboratories and industry from the international community, in a range of disciplines:

atmospheric electricity
bioelectrostatics
biological applications
electrohydrodynamics
ESD
electrostatics in combustion
electrostatic effects in drug delivery
electrostatic microencapsulation
electrospinning

environmental electrostatics
health effects
ionisation and charge control
liquids
measurements
MEMS
nanoelectrospray
nanofibres
numerical modelling

nonthermal plasmas
particle control and transport
powders
safety and hazards
standards
textiles
triboelectrification

The conference will give you an opportunity to present your business to a wide range of people. We would therefore like to invite your organisation to become a conference sponsor or to exhibit, and have the opportunity to develop a new market or learn about new developments in the field.

Sponsorship Opportunities

The benefits listed below are an indication of what we can offer you, however we would be happy to discuss tailoring these benefits to meet your requirements.

1) Gold Sponsor Package - £1000 plus VAT.

- One free conference registration
- Exhibition space (table and stand)
- Brochures and logo on display (on registration desk/stand)
- Logo advertised in conference publicity
- Link from conference website

2) Silver Sponsor Package - £700 plus VAT.

- Exhibition space (table and stand)
- Brochures and logo on display (on registration desk/stand)
- Logo advertised in conference publicity
- Link from conference website

3) Bronze Sponsor Package - £300 plus VAT.

- Brochures and logo on display (on registration desk/stand)
- Logo advertised in conference publicity
- Link from conference website

4) Individual Sponsorship Items

- Conference bags with exclusive company logo £900 plus VAT
- Welcome reception £500 plus VAT
- Conference dinner £1200 plus VAT

Exhibitor Space

Exhibition space only (table top and stand) is available at £450.00 plus VAT for Monday to Wednesday.

To book a sponsorship package or an exhibitor space, please return the form on the back of this flyer.

For further information, please contact:

12th International Conference on Electrostatics

March 25 – 29 2007, St Catherine's College, Oxford, UK

Sponsorship Opportunities and Exhibition Booking Form

Booking details

After we receive your completed booking form, we will confirm details of the option/s you have chosen, together with an invoice for the full amount. Please return the form to Jasmina Bolfek-Radovani, Conferences Department, The Institute of Physics, 76 Portland Place, London W1B 1NT.

Sponsorship opportunities

I wish to book the following package

- Gold sponsor package (£1000.00 plus VAT)
- Silver sponsor package (£700.00 plus VAT)
- Bronze sponsor package (£300.00 plus VAT)

I wish to sponsor the following items

- Conference bags (£900.00 plus VAT)
- Welcome Reception (£500.00 plus VAT)
- Conference Dinner (£1200.00 plus VAT)

Exhibitor Space

I wish to reserve an exhibitor space only

- Table top with cloth cover and stand (£450.00 plus VAT)
